

Let New River Entertainment help you
celebrate your life story and allow you to share those
meaningful moments and experiences with your loved ones.

HAVE A *Legacy Video* MADE FOR SOMEONE YOU LOVE!

With every event we have the pleasure of filming, our goal is to preserve your most important moments; to help you share your memories with following generations and to portray these special moments with beauty, elegance and a very personal sense of who you are.

Our videography services include: Wedding videos, Bar/Bat Mitzvah videos, special event videos, sports recruiting reels, Quinceanera videos, b-roll & raw footage videos, corporate event videos, video profiles for your website, promotional event videos, conference/ presentation videos, interview videos, as well as several other exciting video services. We're proud to serve all of southern California including the greater Los Angeles and Ventura and Orange County areas. We will also travel to your location if need be.

Why have New River Entertainment create a *Video Legacy* for you & your family?

CHRIS NICHOLAS, President of New River Entertainment, has many years of experience working in Hollywood film and television. After his grandfather passed and when his mother fell ill, he reconnected to the importance of family and documenting memories. After capturing the special moments of his own family he expanded his company to include producing high quality legacy memoir videos for others. We all have a story to tell, and being a part of helping others tell their life stories and celebrations, and preserving those memories has now become his passion.

Please visit www.newriverentertainment.com for sample videos. We look forward to helping create something special for you, your family, and future generations.

Love Preserved

DIGITAL VIDEO TECHNOLOGY NOW MAKES IT POSSIBLE TO CREATE A
LEGACY VIDEO THAT CAN BE HANDED DOWN TO FUTURE GENERATIONS. BECAUSE IT
IS DIGITALLY MASTERED, YOUR STORY WILL BE PRESERVED FOR YEARS TO COME WITH NO LOSS IN
QUALITY AND WILL TRANSLATE READILY INTO NEW PRESENTATION FORMS AS THE TECHNOLOGY CHANGES.
